

# Student Agreement

2426541 Alberta Ltd o/s  
**Freewheel Driving School**

This agreement outlines the expectations, responsibilities, and conditions for participation in driver training with Freewheel Driving School.

## **1. Program Eligibility & Certification**

To qualify for an Alberta Transportation-approved insurance reduction certificate, students must complete:

- a minimum of 15 hours of classroom instruction, and
- a minimum of 10 hours of in-car instruction, including minimum requirements of D.R.I.V.E.R. evaluation

Completion of the program confirms participation and attendance; it does not guarantee a specific driving outcome or test result.

## **2. Training Expectations & Learning Variability**

Driver training is a skill-based process, and students progress at different rates. While the program meets provincial minimum requirements, some students may require additional in-car lessons to develop safe and confident driving skills.

## **3. Practice Between Lessons**

Regular practice between lessons supports skill development, confidence, and overall progress through the program.

## **4. Instructors & Training Vehicles**

All instruction is provided by:

- provincially licensed and bonded driving instructors, and
- vehicles equipped with dual brake systems and maintained to safety standards.

## **5. Student Responsibilities During Lessons**

For safety and legal compliance, students must: Bring their valid Alberta learner's licence to every in-car lesson. Wear any required corrective lenses if noted on their licence. Comply with all traffic laws and instructor directions. Refrain from mobile phone use while driving. Lessons cannot proceed if a valid licence is not present.

## **6. Attendance & Readiness**

Students are expected to arrive prepared, rested, and in a condition suitable for driving. Lessons may be ended or rescheduled if safety is compromised.

## **7. Program Completion Timeline**

The 15 hour classroom portion must be completed within 3 months of creating an account and prior to beginning the in-car lessons. The driver training program must be completed within 24 months of the program start date.

## **8. Acknowledgement**

By enrolling with Freewheel Driving School, the student (and parent/guardian, if applicable) acknowledges understanding of this agreement and agrees to follow the expectations outlined above.
